

## CLASSROOM COLLECTION OF GEM MINERALS

45-8200

- |                                       |                                   |
|---------------------------------------|-----------------------------------|
| 1. Diamond                            | Kimberly, South Africa            |
| 2. Ruby Corundum                      | Cascade Canyon, California, USA   |
| 3. Corundum, var. Sapphire            | Manakara, Madagascar              |
| 4. Beryl, var. Aquamarine             | Albany, Maine, USA                |
| 5. Beryl, var. Emerald                | Muso, Columbia                    |
| 6. Topaz                              | Millard County, Utah, USA         |
| 7. Topaz                              | Minas Gerais, Brazil              |
| 8. Garnet, var. Grossular             | Beaver County, Utah, USA          |
| 9. Garnet, var. Almandine             | Wrangell, Alaska, USA             |
| 10. Opal (precious)                   | Durango, Mexico                   |
| 11. Opal                              | Denaio, Nevada, USA               |
| 12. Quartz, Rock Crystal              | Hot Springs, Arkansas, USA        |
| 13. Quartz, Amethyst                  | Minas Gerais, Brazil              |
| 14. Quartz, Rose                      | Antisirabe, Madagascar            |
| 15. Quartz, Jasper                    | Cave Creek, Arizona, USA          |
| 16. Quartz, Tiger Eye                 | Griqualand, South Africa          |
| 17. Quartz, Smoky                     | Lyndhurst, Ontario, Canada        |
| 18. Quartz, Aventurine                | Minas Gerais, Brazil              |
| 19. Quartz, Moss Agate                | Jaipur, India                     |
| 20. Quartz, Jasperized Wood (tumbled) | Holbrook, Arizona, USA            |
| 21. Quartz, Chrysoprase               | Queensland, Australia             |
| 22. Quartz, Rutilated                 | Minas Gerais, Brazil              |
| 23. Tourmaline, var. Rubellite        | San Diego County, California, USA |
| 24. Tourmaline var. Schorl            | India                             |
| 25. Olivine, var. Peridot             | Ant Hill, Arizona, USA            |
| 26. Zircon                            | Kaduna, Nigeria                   |
| 27. Turquoise                         | Santa Fe, New Mexico, USA         |
| 28. Anorthoclase, var. Moonstone      | Larvik, Norway                    |
| 29. Microcline, var. Amazonite        | Kola Peninsula, Russia            |
| 30. Oligoclase, var. Sunstone         | Mattawa, Ontario, Canada          |
| 31. Labradorite                       | Nain, Labrador                    |
| 32. Malachite                         | Katanga District, Congo           |
| 33. Chrysocolla                       | Miami, Arizona, USA               |
| 34. Rhodochrosite                     | Catamarca Province, Argentina     |
| 35. Sodalite                          | Cochabamba Province, Bolivia      |
| 36. Spodumene, var. Kunzite           | Minas Gerais, Brazil              |
