VWR® CONTOUR™ SEATING COLLECTION

The VWR Mesh Back Contour office chair is the very young, very ergonomic solution for the new generation of office swivel chairs: refreshing with its design options, transparent in its design in each working area. As a result of its slim, athletic design, it invites you to be productive and also supports you effectively. The Contour Mesh Back chair creates a space for athletic thinkers and advancing employees who like to make a difference and more.

- 
- Intuitive control lever to adjust to your body weight.
  - Seat depth adjustment make it possible to individually adapt the chair.
  - Back height adjustment can be ideally adjusted to user.
  - Multiple adjustment of the seat in a forward direction helps to avoid a poor posture.
  - Height adjustable armrests to take the strain off the neck muscles.
  - Width variation for optimum-support.

**VWR® Contour™ Mesh Back Office Chair\***

The VWR Contour Mesh Back office chair's design and adjustability will help you perform at your best. The urethane armrests are adjustable in height to take the strain off the neck muscles and width adjustable for optimum-support. Polished aluminum base includes soft double casters for hard surface floors that resist movement when the chair is not occupied. Pneumatic seat height adjustment from 41cm (16") to 51cm (20"). The synchronous mechanism includes tilt lock, tension adjustment, seat slide and inclination adjustment. The ergonomic, black cloth upholstered seat measures 47cm (18.5") wide x 45.7cm (18") deep. Black mesh back has 10cm (4") of height adjustment and is 54.5cm (21½") high x 43cm (17") wide.

\* VWR Contour Mesh Back Chairs ship within 10 days of order. Call 1-800-932-5000 for more information. All items are subject to availability at time of order. Large quantity orders may require longer lead times. Shipping time is based on immediate credit approval.

## VWR® CONTOUR™ SEATING COLLECTION

The VWR® Contour™ line of lab and office seating can enhance the comfort and well-being of your employees. These ergonomic chairs are able to adapt and support posture changes quickly and easily, helping to prevent premature fatigue and muscle strain. Varying seat height ranges, arm rests and lumbar support help to complete your ergonomic package. See for yourself what these chairs can do to make your employees' jobs healthier and more comfortable.

- Chair foundations made of furniture-grade plywood
- Highest quality base material
- No holes or gaps
- Super strong
- T-nuts provide a metal-to-metal fastening, no stripping out

Back panel is injection molded and 50% thicker for strength, durability and long wear
