SYRINGE 20ML LL S/C 48

CERTIFICATION

Manufacturing Product is manufactured to all applicable Device Master Records (DMR) and meets all product specifications.

Sterility All products which are labeled as sterile and released for sale by BD, are certified to be sterile as long as the package is unopened and undamaged. For those products labeled "Sterile Fluid Path", only the fluid path is sterile.

Non-Pyrogenicity All products which are labeled as sterile and released for sale by BD also meet BD's pyrogen testing requirement. For those products labeled "fluid path components are non-pyrogenic", only fluid path components are non-pyrogenic.

Toxicity All materials which are labeled non-toxic and released for sale by BD have passed animal toxicity and/or cytotoxicity tests. For those products labeled "Fluid path components are non-toxic", only fluid path components are non-toxic.

Quality Systems BD medical devices are manufactured in accordance with the FDA Quality System Regulation (21CFR820) and ISO 13485:2003 requirements. The devices are manufactured in facilities registered* with FDA; the devices are also listed* with FDA.

*per 21 CFR 807
