

CPRLillyPRO and AIR come with CPR software and a Google Nexus Tablet

CPRLilly / CPRLillyPRO / CPRLillyAIR

High quality CPR training with instant feedback for correction and subsequent analysis.

High quality CPR and advanced airway management manikins

- Train with quality parameters like compression depth & frequency, respiration volume, speed and pressure, hand position and head tilt
- The simulators meet the latest CPR guidelines of the AHA (American Heart Association) and the ERC (European Resuscitation Council)
- CPRLillyAIR comes with an advanced airway management head

CPRLilly/CPRLillyPRO

CPR FEEDBACK WITH CPRLillyPRO

- Compression monitoring of depth, frequency and release
- Ventilation monitoring with display of volume, rate and pressure
- Verification of correct hand positioning and correct head tilt
- Save and print feature for all training protocols

CPRLillyPRO comes with CPR software and a Google Nexus Tablet

REALISTIC FEATURES

- Torso with shoulders and necessary anatomical features for finding the ideal pressure point for cardiac massage
- Head with airways for mouth-to-mouth and mouth-to-nose resuscitation
- Head tilt to open the airways
- Realistic thoracic spring force and the required compression depth of 5 cm prepare the trainee for a situation with a real person
- Resuscitator ventilation is possible

HYGIENIC & COST-EFFECTIVE TRAINING:

- Very hygienic thanks to the use of disposable airbags and an innovative system with separate air chambers.
- Disposable throat bags
 - Easy-to-change bag
 - Easy-to-clean face mask

You can choose between two configurations:

> **CPRLillyPRO**
with CPR software and tablet

- Light skin 1017773
- Dark skin 1017775

> **CPRLilly (basic version)**
without CPR software and tablet

- Light skin 1017772
- Dark skin 1017774

Delivery content:

- Google Nexus Tablet
- CPR evaluation software
- Battery chargers and adaptors
- 5 Lower face masks
- 25 Throat bags
- Carry bag
- Tracksuit top

Delivery content:

- 5 Lower face masks
- 25 Throat bags
- Carry bag
- Tracksuit top

CPRLillyAIR

CPRLillyAIR Advanced Airway Management and CPR Simulator

The training simulator for cardio-pulmonary resuscitation (CPR) and advanced airway management offers all necessary features for learning about the life-saving algorithm comprising heart massage and artificial respiration for adults.

ALL FEATURES OF CPRLillyPRO PLUS:

TruCorp advanced airway head with the most realistic internal anatomical details for a full range of advanced airway management techniques.

IDEAL FOR SKILL TRAINING IN:

- CPR training
- Mouth to Mouth Resuscitation
- Double naso-tracheal intubation
- Bag and Mask ventilation techniques
- Full range of supraglottic devices
- Direct laryngoscopy
- Endotracheal tube insertion
- Awake fibre optic examination
- Combi tube insertion

> **CPRLillyAIR**
with CPR software and tablet

- Light skin, including TruCorp Advanced Airway Management Head (1019711) 1020137

Delivery content:

- 1 TruCorp Advanced Airway Management Head
- 1 CPRLilly head simulator with 5 lower face masks (including teeth)
- Google Nexus Tablet
- CPR evaluation software
- 25 Throat bags
- 1 Carry case
- 1 Tracksuit Top
- 1 Bottle of Lubrication

CPRLillyAIR comes with CPR software and a Google Nexus Tablet
