

MEGAGARDEN™ Hydroponic Growing System

from Hydrofarm

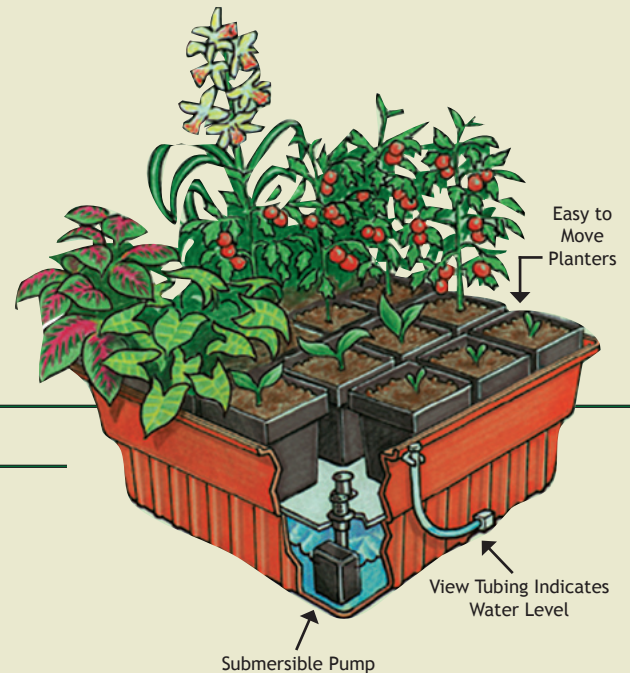

Experience the convenience and versatility of an Ebb & Flow System in a 22" x 22" x 10" size garden. The MEGAGARDEN™ Hydroponic Growing System utilizes an Ebb & Flow design which works by pumping nutrient solution up from a reservoir to a controlled water level tray. All plants are watered uniformly on a timed cycle. The System includes 15 individual planters and growing medium.

Our garden systems offer you all of the advantages of commercial hydroponics in an easy to use package. Each system that we offer is complete. There's nothing extra to buy or build — all you need are seeds and water.

Each MEGAGARDEN™ System Includes:

- 7.5 Gallon Reservoir
- Water Level Indicator
- Submersible Pump & Timer
- All-Purpose Nutrient (16 oz.)
- Growing Medium & 15 Planters
- pH Test Kit
- Insert Grow Tray
- Seed Starter Cubes
- Illustrated Instructions

Proceeds from this purchase go to support the Institute for Simplified Hydroponics, dedicated to bringing low-cost hydroponic techniques to developing countries.
