Re: Certificate of Conformance

KIMBERLY-CLARK* ULTRA Surgical Gown, Sterile

Product Code: 95131

Lot number: AH5337T5B

Date of Manufacture: December 2015

Expiration: 5 years from date of manufacture (see case label for date)

Location of Manufacture: Cortez, Honduras

To Whom It May Concern:

We are pleased to inform you that the above-referenced product is manufactured in accordance with our quality system, internal systems and meets all requirements in the production specifications.

Each batch of product is sterilized following the universally recognized standard: ANSI/AAMI/ISO 11137, "American National Standard, Sterilization of Healthcare Products—Requirements for Validation and Routine Control—Radiation Sterilization." This International Standard specifies requirements for validation, process control and routine monitoring in the irradiation sterilization of health care products. These products are sterilized to substantiate a Sterility Assurance Level of 10^{-6} .

Sincerely,

A handwritten signature in black ink, appearing to read 'O. Olubajo', with a small dot at the end.
