

Shape Your Terrain:

Find the Perfect Stream Table and Accessories for Every Classroom

Our stream tables demonstrate geological processes like erosion, sedimentation, river formation, and coastline changes. Choose from the Standard Stream Table to the Super Landform Simulator—each model is user-friendly and durable. Complete stream table solutions, one source. Select the model that best fits your needs and watch as students navigate earth science through interactive, hands-on activities.

Choose your ideal stream table to teach erosion, sedimentation, and other concepts!

Stream Tables:

Cat. No.	Description	Number of Students	Activity Set Included	Included Accessories	Size (L x W x H)	Level
470029-374	Standard Stream Table	4 to 6	No	Power pack and pump, sediment trap, internal water reservoir	60 x 20 x 6"	Basic
470029-390	Deluxe Stream Table	6 to 8	No	Power pack and pump, sediment trap, internal water reservoir	70 x 26 x 6"	Basic
470355-288	Ward's Stream Table Bundle	2 to 3	Yes	Integrated prop, 2 pounds of gravel, fine sand, coarse sand, and soil	14 x 46 x 2.5"	Basic
470029-398	Standard Stream Table Combination	4 to 6	Yes	Power pack and pump, sediment trap, internal water reservoir, rainfall simulator, terrain feature model, contour map grid	60 x 20 x 6"	Intermediate
470029-396	Deluxe Stream Table Combination	6 to 8	Yes	Power pack and pump, sediment trap, internal water reservoir, rainfall simulator, terrain feature model, contour map grid	70 x 26 x 6"	Intermediate
470136-880	Clearview Classroom Stream Table	4 to 6	Yes	Additional water jets, removal dam, sediment trap, integrated prop	48 x 20 x 12"	Intermediate
470189-702	Deluxe Landform Simulator	6 to 8	Yes	Water pump, wave maker, rainfall simulator, terrain feature model, contour map grid, steel cart	70 x 70 x 6"	Deluxe
470029-394	Super Landform Simulator	4 to 6	Yes	Water pump, wave maker, rainfall simulator, terrain feature model, contour map grid, steel cart, crustal simulator, sedimentation chamber	70 x 70 x 6"	Deluxe

Expand Your Activities: Essential Accessories for Stream Tables

Want to take your stream table activities to the next level? From pumps to varied sediment packs, our tools expand and diversify your geology, hydrology, and environmental demonstrations. Choose the right accessories to deepen engagement and understanding in your earth science lessons.

Cat. No.	Description	Compatible With
Sediments		
470025-198	Topsoil, 32 oz.	Any Table
470025-204	Fine Sand, 32 oz.	Any Table
470025-206	Coarse Sand, 32 oz.	Any Table
470025-210	Pebbles, 32 oz.	Any Table
470025-208	Gravel, 32 oz.	Any Table
470025-200	Clay, 32 oz.	Any Table
470025-202	Silt, 32 oz.	Any Table
470025-214	Soil, Sand, and Gravel Set, 32 oz.	Any Table
470029-384	Stress Clay, 20 lbs.	Any Table
470016-902	Sand-Gravel Mix, 50 lbs.	Any Table
Replacement Power Supply and Pump		
76628-722	Stream Table Power Supply	470029-374 Standard Stream Table
76628-724	Stream Table Pump	470029-390 Deluxe Stream Table 470029-398 Standard Stream Table Combination 470029-396 Deluxe Stream Table Combination 470029-702 Deluxe Landform Simulator
470007-780	Stream Table Recirculating Pump	Any Table
Carts		
470020-366	Ward's Stream Table Cart	470029-374 Standard Stream Table 470029-390 Deluxe Stream Table
Accessories & Activities		
470029-392	Ward's Contour Map Grid	Any Table
470029-382	Ward's Terrain Feature Model	Any Table
76263-298	Scoops, Pack of 6	Any Table
470012-494	Modeling Stream Erosion and Deposition, Classroom Set.	Use this miniature model to replicate a stream table and investigate the dynamics of erosion and deposition. Includes teacher's guide and student worksheet.
